Caution

Every effort has been made to ensure the accuracy of this supplement. However, it contains selected information and thus is not definitive and does not include all known information on the subject in hand.

This supplement contains amendments and corrections sent in by users as well as from official sources.

This supplement contains amendments and corrections sent in by a number of cruising yachtsmen and women, in addition to those culled from official sources such as Notices to Mariners.

Positions and waypoints

All positions and waypoints are to datum WGS84. They are included to help locating place, features and transits. Do not rely on them alone for safe navigation.

Bearings and lights

Any bearings are given in degrees True and from seaward. The characteristics of lights may be changed during the lifetime of this book and they should be checked against the latest edition of the UK Admiralty List of Lights.

Note Where lights have been modified in the text do please remember to alter them on the appropriate plan(s).

This supplement is cumulative and the latest information is marked in **blue**.

Thanks to everyone who sent in information.

We are always happy to receive information via the publishers.

Also berths alongside W quay in commercial harbour.

Water tap near N end of this quay.

Page 187

Kiato

Avoid the NW corner in strong winds: a reflected swell makes berths here untenable.

Page 220

Perdika

The breakwater has been extended with more yacht berths. Can be difficult to avoid crossing anchors here.

Ayia Marina

The ferry quay has been extended and yacht berths are available clear of the ferry berth. Limited shelter, but tenable in light winds.

Page 222

Skala

Ferry pier has been extended. Yacht berths on S quay. Ferry wash makes berths uncomfortable (until 1800).

Page 226

Kiparissi North pier

Large underwater rocks foul anchors and chains. Care needed.

Page 248

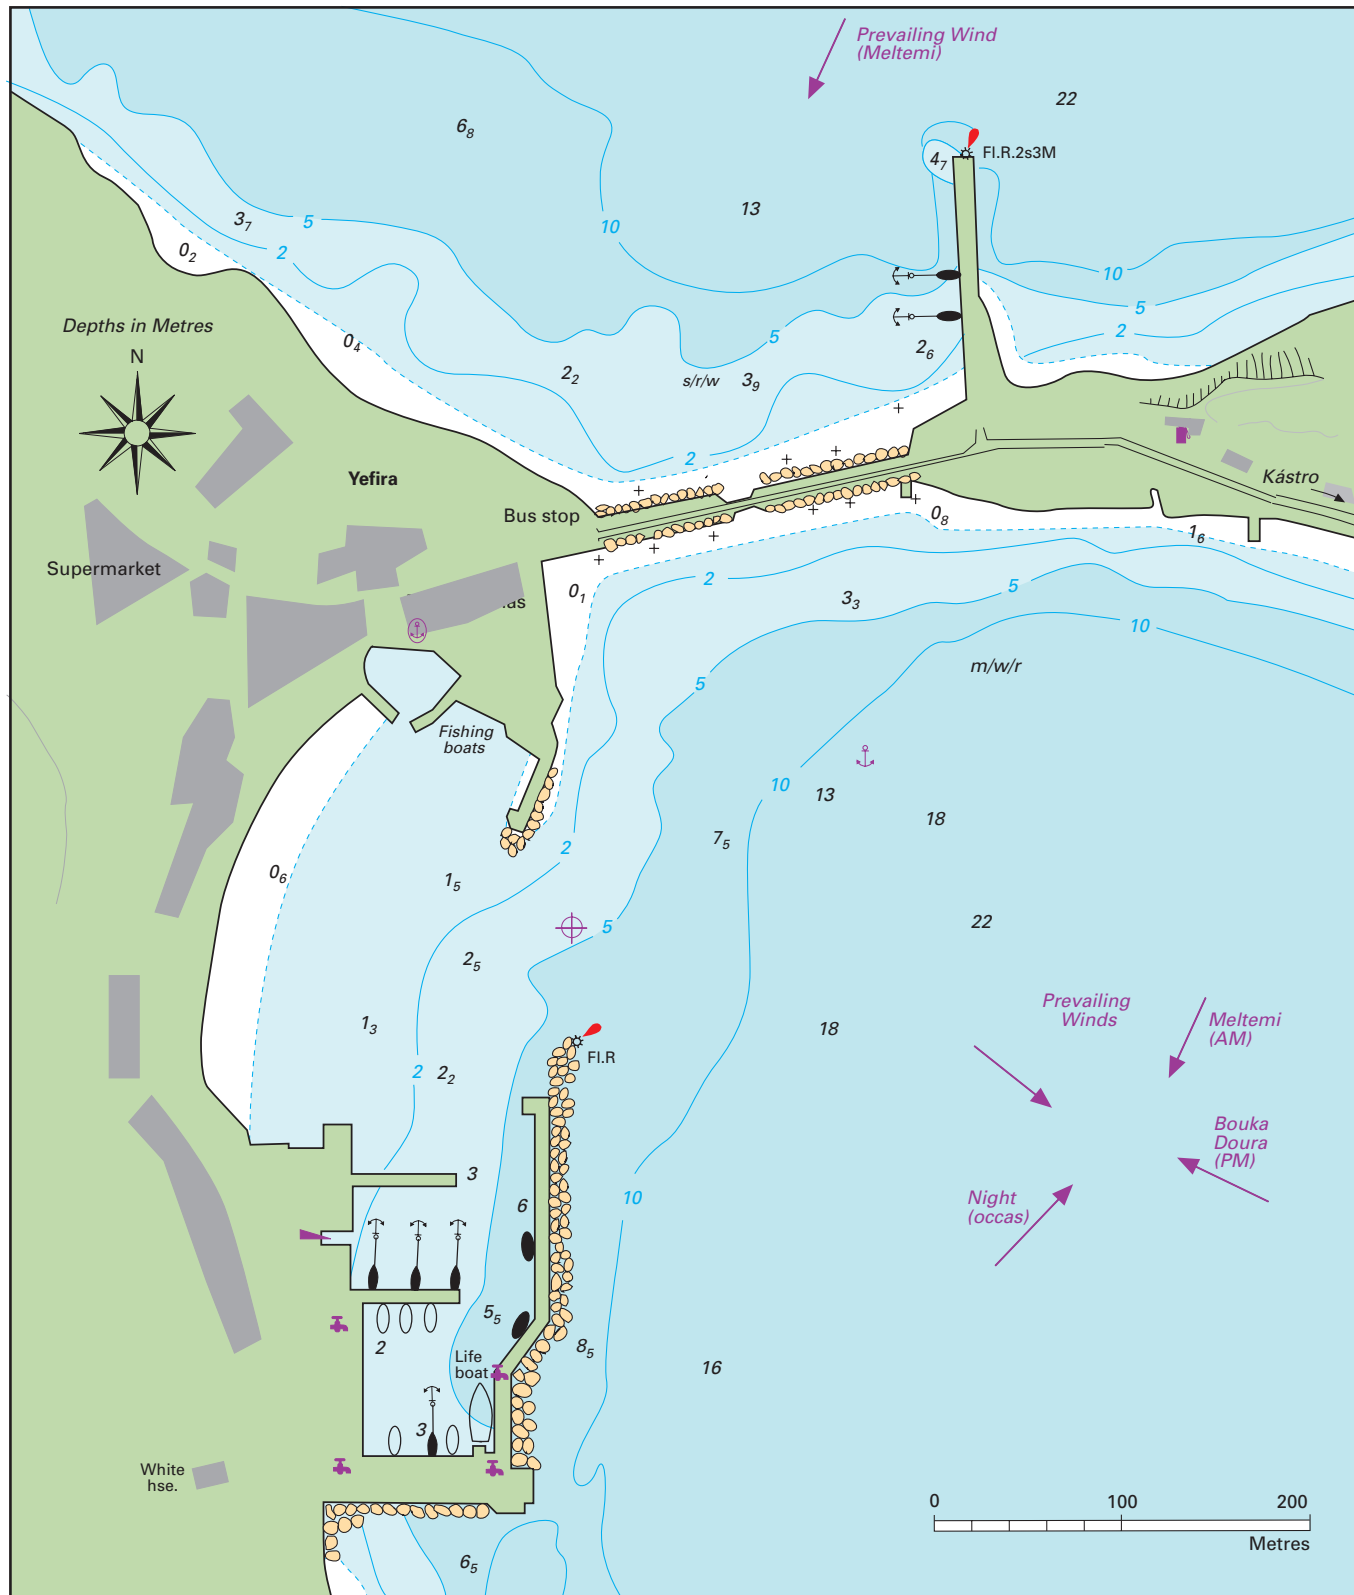

Monemvasia (new plan)

Work is well underway extending the harbour. Access restricted at times. Water brackish 2023 (long hose needed).

Page 288

Plati Yialos

Harbourmistress collects payment. Many mooring lines missing or short.

Page 304**Ayios Yeoryios**

Port upgrade works to widen and extend breakwater.

Page 319**Skala Sikinos**

Pontoon not always in place.

Page 321**Ios**

Most moorings have been damaged. The buoy marking the chain is not always in place. Anchors regularly entangled.

Page 328**Anafi**

Harbour extension works completed. Care needed as silting has reduced depths to <2m in the new basin.

Page 339**Rafina**

The ferry pier is being upgraded and dredged (cruise ships).

Page 350**Ayios Konstandinos**

Ferry quay and fishing harbour being upgraded. Yacht berths may be available when completed.

Page 366**Skiathos**

Berths limited at weekends. Central part of quay is for visiting yachts. Anchorage restricted for ferry movements.

Page 374**National Marine Park of Alonnisos and Northern Sporades**

A permit is required for all yachts visiting zone A of the park. Available online via the website. Cost €33.50/day.

Mooring lines at most berths.

Page 460**Kardhamila**

The breakwater extension work has been completed. Yacht berths available.

Page 486**Fournoi**

North ferry quay has been extended. Also new pier off south side of south ferry quay. Yacht berths to be designated inside the new extension. At present yachts go alongside.

Page 483**Skala Patmos.**

New pier (80m long) running eastwards has been completed off the point (3m depth) to the south of the yacht quay.

Page 487**Lipsi**

A new quay has been completed running from the ferry quay to the yacht pier. Depths 2m reported.
